## ABOUT ME

I am a Senior Software developer, architect and team leader, with full stack experience mainly expertise in systems integration and interoperability. Highly committed to develop robust and maintainable solutions. Technology enthusiast I dedicate part of my free time developing new skill, reading tech books, learning new subjects through web-tutorials and developing software of my own.

Please visit my personal website - [lpinto.eu](http://lpinto.eu) - it is a complement to this CV. There you can find more details about me, the projects I have worked in and links to other online profiles.
